

empowering inventors through:

education

We offer free educational materials and resources to help inventors navigate the often confusing world of product development and commercialization.

access

Our educational seminars and trade show events create opportunities for inventors to network with industry leaders who are actively searching for new products and/or offer services that move an invention forward.

advocacy

As the voice of the independent inventor community, the UIA is in Washington DC advocating for legislation protecting inventor rights.

The UIA is a 501c3 nonprofit organization dedicated to providing educational resources to and creating opportunities for the independent inventing community, while encouraging honest and ethical business practices among industry service leaders. We are the largest inventor member organization in the US, and support nearly 100 affiliate inventor clubs.

**be inspiring,
get involved.**

Contact Deb Hess for your sponsorship application at admin@uiausa.org.

sponsorship

We offer a variety of partner levels based on company size. Every contribution makes a difference.
